TEN CENTS PER WEEK

GRACEY CHILDERS HAS TWO FIRES OF UNKNOWN ORIGIN

Blaze Last Night Destroyed
Staunch Little Packet at
Paducah Wharf.

Started in Engine Room With
Doors Closed.

DEPARTMENT DID GOOD WORK

Fire of unknown origin burned the packet boat Gracey Childers, of the Tyler line, to the water's edge yesterday evening at its moorings at the foot of Jefferson street. The boat was valued at \$12,000, covered by only \$6,000 insurance.

It was the second fire on the boat in two weeks as last week fire was discovered on the boat when she was tied to the bank near the foot of Ohio street. The fire started in the engine room. The blaze was discovered in time, and a bucket brigade extinguished the blaze after it had burned a hole through a wall.

Deckhand Loses Lantern.

One of the deckhands of the boat was carrying one of the brass lanterns of the fire department last night, when he fell through a hole, into the river. In the excitement he dropped the lantern, valued at \$7. The firemen were not anxious to lose property and they made the deckhand dive after the lantern, but he failed to get it. This morning most of the lantern was fished out of twelve feet of water, and this afternoon they hope to recover the rest.

The boat is practically a total loss, although, it is believed, the hull may be utilized. The machinery sank with the stern of the boat, while the starboard side of the hull is sunken. The flames were seen to shoot from several places by deckhands on the towboat Condon and an alarm, which called out companies Nos. 1 and 4, was turned in.

Watchman Charles Wood had left the boat a short time before the blaze for his supper.

Lines of hose were strung by the firemen and a deluge of water poured on the burning boat. The fire had spread with great rapidity and was well under way when the water began flowing at the high pressure and in the course of one hour the cabin had been consumed and the fire was eating its way along the workings of the deck. The flames were finally subdued, although the boat was practically destroyed.

Several craft tied to shore near the Childers were in grave danger of being set on fire. The sand digger was cut loose and drifted down stream, while precautions were taken against sparks lighting the J. B. Richardson and Reuben Dunbar, Ryman line boats, moored several yards distant below the wharf. Charles Elmore, in charge of many gasoline boats made fast near the burning vessel, were placed in safety.

The Childers was formerly the Rose Hite, running out of Louisville. A year ago the Tyler line purchased her for the Cumberland river trade, between Paducah and Nashville, entering last January. She had two decks and was 150 feet long by 37 feet wide. She ran without opposition for several weeks, when the Ryman line entered the Bob Dudley in the trade in opposition, later substituting the J. B. Richardson. The Childers was owned by Capt. James Tyner, Sr., of Nashville, but was said never to have proven a satisfactory boat. Several months ago she dropped out of the Cumberland river trade and tied up in the Tennessee river. She was dropped down below the wharfbow Wednesday on account of the rapidly falling rivers. It was the intention to have a new hull built for her soon and have her fitted out in good shape to resume her old trade this winter when high water came.

Capt. James Tyner, Jr., arrived in the city a few days ago to look after the repair work. Last night he notified his father, who left for Paducah. The origin of the fire is not known and no lights of any nature are known to have been burning on the craft. An investigation is being made.

News of the fire spread over the entire city and hundreds flocked to the river to witness the destruction of the boat. The flames rose high and the smoke was thick, making a spectacular sight.

Scientists Examine Cook's Record and Declare He Did, Indeed, Reach North Pole--Kings Seek His Favor

Dr. Cook is Given a Foretaste
of What Awaits Him When
He Comes Home--Tells of
His Proof of Exploration.

Copenhagen, Sept. 4.—Dr. Frederick A. Cook, discoverer of the north pole, arrived here this morning at 9:55 and was accorded a royal welcome.

"Once is enough for any man. I will never return to the north pole. A single experience of the sort I passed through will suffice for a lifetime," were the first words of Dr. Cook when questioned aboard the Hans Egede.

Admitting the drifting of ice fields may destroy the evidence he left at the pole or move them, he says the records will prove to scientific men that he was there.

He planted the flag April 21, 1908. He says he was thrilled by the sight and thoughts of patriotism. When he saw a gale would whip it into shreds he put another flag in a cylinder on top of the pole he planted, and also complete records to date. He still has the first flag. He spent two entire days making observations at the pole. He had a sextant, a pocket watch and three fine chronometers, all the most modern. He verified all observations by repeating.

"I appreciate the justice of the public demand for proof, but am confident the accuracy and completeness of the record will satisfy the scientific world," he said. "The opinion of the scientific men of course is accepted by the public."

Crowds that greeted him at the pier were the largest in history. After boarding an automobile and seeing the enthusiasm, he was overcome by emotion and tears fell from his eyes.

John Hansen, Danish minister of commerce, was the first official to welcome him. He invited Cook to a state banquet tonight. It is his first banquet in three years.

His clothes were torn in a dozen places by the enthusiastic crowd. When he was prepared to visit the king, he found his clothes were out of condition, but the king told him to wear his arctic costume.

The king embraced him, showering congratulations.

Royalty Invites Him.

Copenhagen, Sept. 4.—A telegram was received today by Dr. Cook, inviting him to Rome to appear before King Victor Emmanuel and Queen Helena. He has not yet answered, but he said he believed he must refuse. The biggest surprise Cook met was a mass of telegrams and cablegrams from all parts of the world which awaited him at the hotel. Hundreds were from dignitaries and royalty. Realizing his inability to answer them, he said he wishes the press to express his appreciation. Many are from lecture bureaus, magazines and vaudeville managers. All offered several thousand dollars a week. He exclaimed as he glanced over them: "I ought not to be out of a job for a couple of years, anyway."

The International Polar Exploration club's invitation to Cook to appear before them at Brussels and establish his claim was accepted, Cook says he will take all his records with him when he goes. He will meet his wife in Brussels.

Paducah Has Chance at Another Railroad

The completion of the Madisonville, Hartford & Eastern railroad, so that through trains will be run from Louisville to Madisonville next week is encouraging to Paducah citizens. Last year the chief engineer of the road said that the officials were financing for the extension, but that Hartford would not be the western terminus of the road and in a few years the road intended to build into Paducah.

The Weather

The day has been alternately sunny and cloudy with a small amount of rain. The highest temperature today was 66 degrees, while the lowest registered was 66. Forecast for Paducah and vicinity is: Partly cloudy and cooler tonight and Sunday.

Illinois: Washington, Sept. 4.—Showers Saturday; Sunday generally fair and cooler; variable winds shifting to northwest and increasing.

Sun and Moon.

Sun rose today 5:29 a. m.
Sun will set today 6:30 p. m.
Moon will rise tonight 9:23 p. m.

Establish his claim was accepted, Cook says he will take all his records with him when he goes. He will meet his wife in Brussels.

Records Are Complete. Several prominent scientists and others have examined Cook's records all saying they are accurate and complete, leaving no doubt that he reached the pole. Among them are Captain I. Larsen, of the Hans Egede, who is an expert mariner; Crown Prince Christian and American Minister Egan.

Shortly after his arrival at the hotel Cook was handed an autograph letter of congratulation from the king, inviting him to the banquet. He was the guest of the American legation at luncheon. The legation building was surrounded by a dense throng trying to see him. Numerous flights to get a glimpse took place and police had an unprecedented busy time. In a short speech, Cook says the tribute is not altogether personal but to the United States.

Perkins Believes.

Washington, Sept. 4.—Frank W. Perkins, acting superintendent of the coast and geodetic survey, today said "Dr. Cook's detailed record of observations will contain inherent evidences of their accuracy or reverse. While there are conflicting statements and inaccuracies in published reports they are only the kind which are common in such instances. Nothing in Cook's report is unbelievable, and there is nothing to cause suspicion. I believe he made the discovery he claims, because his method appealed to me and because of his past record as an explorer and a man of veracity. As he is an American he will possibly submit his records to this office for final computation, and, if so, it will receive a searching examination which would unearth any possible fraud."

Cook Is Defended.

New York, Sept. 4.—"Now is the time for any man who ever saw a piece of ice sticking out of a wagon to pose as an Arctic explorer," said Spyer W. Stewart, of the Explorers' club, who was one of the Ziegler-Pala expedition in 1903-4-5, in an interview, discussing criticisms of Cook.

"Making due allowance for professional jealousy, I can't see any sense in some criticism, and especially ones about covering 500 miles in 35 days, and that he encountered a temperature of 32 below zero enroute. That is 117 Fahrenheit. We made 20 miles a day with poor dogs on rough surfaces, and as Cook had the best procurable, his speed is not improbable. Other criticism is too trivial to discuss. In Franz Joseph land we have 60 below and that is not nearly as cold as the pole. Cook's critics are doing him great injustice. He is clever and scientific and an old timer at the Arctic game. He can take observations as well as anyone and prove his statements. Failure of polar expeditions always are due to disagreements between the leader and scientists. Both were the same with Cook. I am sure there is much undiscovered land there. Millions of birds fly north annually and return in the fall. They can't fly a thousand miles across the sea; so they must stop on land. Northern land, however, is useless, because of its inaccessibility. Lots of coal is there and probably gold and other minerals, but it is not obtainable."

TRAIN WRECKERS' HORRIBLE DEED

THROW WHOLE TRAIN OFF THE
TRACK AND KILL MANY.

Pittsburgh, Sept. 4.—Two are dead and two fatally injured and 20 seriously injured in a derailling of the B. & O. train near Newcastle early today. The wreck was caused by train wreckers. A rail was split and torn up. Two Pullmans turned over and two passenger coaches and two baggage cars and the engine went over the embankment.

Whole City Will Participate in the Labor Day Celebration Monday as Never Before--Plans Are Complete

Route of Parade is Slightly
Changed and the Order of
March Announced--Stores
to Close.

Announcement was made today by the committee on arrangements for the Labor Day celebration Monday that all plans have been made and everything is in readiness for the big annual event. Nothing has been overlooked toward making this year's celebration the largest and best ever held in the city.

Practically every business house and factory will suspend work in order that the employees may join in with their fellow workers and make the day a big success. As customary all the city and county offices and courts will be closed. The Illinois Central railroad shops will close down while the freight houses of the N. C. & St. L. railroad and I. C. road will close.

Monday night is the regular meeting night of the councilmen and the members will meet and adjourn immediately until Tuesday night.

All stores in the Retail Merchants' association will close at noon.

The Parade.

The big Labor Day parade will no doubt attract hundreds of people of Paducah and adjacent territory. The champions will form and at 10 o'clock sharp will move from the starting point, Fourth street and Kentucky avenue, to First street, north to Broadway, west to Ninth street, north to Jefferson street and east to Fourth and Jefferson streets, where it will disband. Previous arrangements were for the parade to disband at Ninth street and Broadway, but it was deemed advisable to disband at Fourth and Jefferson streets.

A feature of the parade will be a large hay wagon, carrying 28 young women drawn by 16 big draft horses. This is given by the Farmers' union and will be a big addition to the customary parade. T. A. Mills will be the grand marshal of the parade and his aides will be the marshals of each local. First in the line of march comes Deal's band, platoon of police, fire department, Goddess of Labor and candidates, Central Labor union, Farmers' union and float, carmen, machinists and helpers, boiler makers and helpers with their floats, carpenters, ship carpenters, caulkers, leather workers and float, brewery workers and float, painters and decorators, cigarmakers, electrical workers, plumbers, Typographical union, leatherworkers and industrial display of floats.

The Goddess of Labor, Miss Almee Rickman, will ride in the handsome \$1,200 hack owned by Nance & Rogers, and with her will be the candidates. They are Miss Mary McGarrigal, of the Boilermakers and Helpers' union; Miss Lucille Wilkerson, of the Typographical union, and Miss Lola Duran, of the Farmers' union and C. The Goddess and candidates will meet in the parlor at the New Richmond House previous to the parade.

At the Park.

After the parade and lunch Wallace park will be the mecca of the afternoon's celebration. The park will no doubt hold its largest crowd on this occasion. There will be a band concert, vaudeville at the Casino theater, swimming races, foot races, games and contests and boating. At League park the Chess, Checkers and Whist club will play the Elks' team. This will no doubt prove a big drawing card for the day.

Tomorrow morning the Rev. David

mills heats, 3 in 5. No entrance fee. Horse must have been owned sixty days in Jackson's Purchase and never started on a race track for purse prize or ribbon. First, \$20; second \$10; third, \$5.
1 1/4 mile dash, Paducah derby \$200.
1/4 mile dash, running, \$100.
1/2 mile dash, running, \$75.

Fourth Day, October 8.

Best roadster, stallion, mare or gelding, \$15.00 and \$10.00.

Best pacing roadster, \$15 and \$10.

Best combined horse, stallion mare or gelding, \$15 and \$10.

Best pair roadsters, mares or geldings, not necessarily matched, \$15 and \$10.

Best harness stallion and three of his get, \$15 and \$10.

Best saddle stallion and three of his get, \$15 and \$10.

Special: Offered by Col. T. W. Settle.

Best colt by Bob Noble, \$10, \$5 and \$2.50.

Races.
2:30 class pace, \$200.
2:20 class pace, \$200.
Free-for-all trot, \$300.
1/2 mile dash, running, for horses not one-two, \$100.
1/4 mile dash, running, \$100.

HIGH CLASS LIST OF ATTRACTIONS AT THE KENTUCKY

David Warfield, Grace Van
Studdiford, "Traveling
Salesmen"

Many Old Favorites Also Will
Return.

MINSTRELS TO OPEN SEASON

"The average of attractions that will be offered to Paducah playgoers this season will be higher than those of any previous season," said Manager Matt Carney today. "Perhaps our patrons have noticed also that not so many of the old attractions have played return dates at the Kentucky during the past year or so, of course, we are going to bring back some of the unusual successes, but with few exceptions it will be the second visit of the attraction and a play of a high order presented by a competent company. However, a few of the old favorites will be with us, such as 'Way Down East,' which Mr. Brady is sending out this year with an exceptionally good company and a new production.

"What is most interesting, though, is the splendid list of new attractions that we have secured—plays that were last season's big successes in New York and Chicago, and in which, in many cases, the original companies will positively appear in Paducah.

"Opening, Labor Day, we will present during September only popular-priced attractions. Some of them, however, are of exceptional merit. The season proper will open October 4 with George Primrose and his big Minstrel company. This company for years has been playing only the larger, week stands.

"Following the opening there will appear in rapid succession: Florence Gear in the new musical comedy, 'Fluffy Ruffles.' Al Wilson in a new play, 'Tim Murphy in the new play, 'Boys,' produced at Powers theater, Chicago in May; the original Le Salle theater company in 'A Golden Girl,' which occupied the Le Salle theater, Chicago, during the entire of last season; Louis James, in a new play, 'Henrietta Croshaw in 'Sham,' which she presented at the Liberty theater, New York, for seven months of last season, and is now playing an extended engagement at Powers' theater, Chicago, with one of the best acting companies to be seen anywhere. Miss Croshaw and the company now presenting the play at Powers' theater will be seen in Paducah on November 16.

"David Warfield, one of America's greatest stars, will also appear here in November. Mr. Warfield will be seen in 'The Music Master,' with one of the famous Belasco companies.

"Probably the most elaborate production of the year will be Henry W. Savage's 'Merry Widow' company, with 135 people, including an orchestra of 40 pieces.

"Henry Woodruff and the original principals of the Princess theater company, Chicago, will be seen in 'The Prince of Tonight.'

"A 'Stubbard Cinderella,' another musical comedy which had a long run at the Princess theater, Chicago, will return to Paducah.

"Among other attractions that will appear before Christmas are: 'The Prince Chap,' Al G. Fields, Norman Hackett, 'Polly of the Circus,' 'The Girl from U. S. A.' and many popular priced attractions of exceptional merit.

"Negotiations are pending for several other high-class attractions to visit Paducah before Christmas. I cannot announce them, however, until contracts are actually signed.

"The routes for many of the high-class attractions that are to tour the south the last half of the season have not been definitely laid out, but there is every reason to believe that Paducah will see many of the best on the road. Among those for which contracts have already been made are:

"Paul Gilmore, 'The Call of the North,' Joe Wier's big musical comedy 'The Call of the North,' 'The Winning Miss,' 'A Gentleman from Missouri,' now on view at the Grand Opera House, Chicago; Grace Von Studer in 'The Golden Butte,' 'The Traveling Salesman,' Frank McIntyre and the company, which closes a five months run at the Illinois theater, Chicago.

BANK CLEARINGS GROWING STRONGER

Clearings this week, \$657,353
Clearings last week, \$467,328
Increase, \$190,025

A splendid increase was made this week in the bank clearings, with nothing but the usual business to assist in making the figures. The news that the Burlington system has dirt flying over at Metropolis and the excellent prospect of Paducah securing several new railroads has given strength to real estate, and, in fact, every line of business. Merchants are busy preparing for a busy fall trade, and in every line there are better prospects.

OLLIE JAMES MAY HAVE JUST 1 MORE TERM AND THEN---

Congressman Ollie James may not look for opposition to his renomination for congress in 1910, but after that if he seeks it again he will find the Hon. Jake Corbett, of Wickliffe in the arena. Mr. Corbett was permanent chairman over the convention at Owensboro that nominated Laurence Finn for railroad commissioner this week, and his friends got behind his boom and have given it a push.

Mr. Corbett was in the city this morning, and when questioned about his candidacy said: "I will not be a candidate to oppose Ollie James in 1910, but the next election I will be in the fight for the nomination." Continuing he said: "I have been solicited to oppose Congressman James for the nomination in 1910 but I will not accept, and Mr. James will be returned as usual without opposition. In the meantime a Democratic legislature will be elected and I think that Ollie James will be sent to the United States senate. In that event, whether or not James is sent I will be a candidate."

"Mr. James has been in congress for ten years and longer than any man from this district, except W. J. Stone and Linn Boyd. Congressman James is an exceedingly popular man and loyal Democrats would not try to unseat him within reasonable time, but there are many young Democrats over the western part of the state, who have been identified with party organization and party work for a long time, who think that Ollie James ought to either go up or step out."

Mr. Corbett with Dr. E. B. Shelton returned to Wickliffe this afternoon in an automobile.

CAPT. BAGGIO FULLY EXPLAINS
MANEUVER AT CAPE HENRY.

He Did Not Know Atlantic Fleet
Was at Practice and Turned
to Salute Americans.

GENERAL REGRET EXPRESSED

Washington, Sept. 4.—General re-
gret is expressed in administration
circles over the publication ascrib-
ing improper motives to the com-
mander of the Italian cruiser Aetna,
which on Saturday morning last is
reported to have steamed between
the ships of the Atlantic battleship
fleet engaged in target practice off
the Virginia capes.

Capt. Baggio's Statement.
Baltimore, Md., Sept. 4.—Capt.
Fillippo Baggio, marquis of Ducaro,
commander of the Italian school-
ship, pronounced as untrue the story
of alleged impropriety on his part
while his vessel was steaming
through the American fleet off Cape
Henry last Saturday. Capt. Baggio
is much chagrined over the position
in which he has been placed by the
reports, and expressed the belief
that they could not have originated
with the American naval officials
with the fleet. He said he changed
the course of his ship when they
saw the fleet, in order to salute it,
and as the Americans were slow in
answering, he said, he slowed down
so that the flagship might return
the salute before he had passed.

News of Theatres

The Missouri Girl with Zeke and
Daisy and their fun making asso-
ciates will be at the Kentucky Mon-
day, September 6.

The Dudley Stock Company.
Manager Goodman wishes to an-
nounce to the patrons of the Ken-
tucky theater that the "Frank Dud-
ley Stock Company" will open a three
night engagement with a Saturday
matinee commencing Thursday, Sep-
tember 9.

The opening bill will be the sen-
sational society play "The Rival Can-
didates" in which Mr. Dudley takes
the part of "John Hopkins," a rich
race horse man, who is running for
congress, and finds a rival in the per-
son of Frank Bashforth (which char-
acter is quietly portrayed by Mr. B.
J. Blithen), who is also known as
the owner of the fastest horses in
that locality. From that time com-
petition begins and throughout the
play natural race horse scenes are
shown that make the audience think
they are at a real betting ring and
witnessing the betting pool when the
odds are at the highest pitch and at
a real race track.

As usual the ladies will receive
the courtesy extended to them pro-
viding tickets are purchased before 7
o'clock on the night of the opening.
There will be no intermissions, but
on the contrary popular vaudeville
will disburse the monotony during
the change of stage settings.

Back From New York City==Fall Purchases Arriving== Summer Merchandise at the Vanishing Point

HERE'S a fact we today emphasize: We are bending every energy to make this the greatest autumn in the history of this store, having bought more fall merchandise, more styles, greater varieties and better qualities than ever before. This condition does not only signify a big fact, but implies that we intend to do active, aggressive, stimulating fall selling at right prices--at prices that will make it to your best interest to acquire the habit of coming to Harbour's for everything. Here's another point we today emphasize: Our big summer stocks of a few week ago are low now, and too thin to be expressed by "big." The qualities that remain are just as good as before, but the varieties are fewer and the prices are lower. So if you have a summer want, or wish to anticipate your next summer needs, there are greater chances here to save money next week than formerly.

New! New! In the Dress Goods Section

The Week In Society.

The past week has been one of the quietest of the summer season, but the cool weather of the past day or so has already started planning for the Fall season. Paducah folk who have been away for the summer are returning every day now, and soon all will be home. Next week starts the school season for many of the young people who are attending college, and some of them will be departing in a day or so. There are no events of any importance for next week. The Kentucky has its pre-season opening, but the first of the big attractions won't be coming for several weeks yet.

The German Club Plans.

The German club has given the last of its present summer dances, and is now planning for its Fall season. The dances will be given this winter at The Palmer, the first one during the fair week, when the club will make the event one of the features of the week. Memberships are due again, and the club hopes this winter to again number a good many of the married people as members.

Morning Musical.

Tuesday morning the music lovers of the city were given quite a treat by Miss Letha Puryear, at her home, 806 Broadway. A charming musical program was rendered and

was participated in by several of the leading musicians of the city. Those taking part were: Mrs. Pendol Burnett, Mrs. George B. Hart, Mrs. Isabel, of Houston, Tex., Miss Wright, of Canton, Miss. Mrs. John Brooks, Miss Letha Puryear and Missrs. Harry Gilbert and Frank Cheek.

Miss Lucette Soule, one of the younger musicians of Paducah, left Tuesday for the College of Music at Cincinnati where she will complete her course in music and will return in about three weeks and tour in concert with the Misses Burrows, of Milan, Tenn. The Misses Burrows are very talented and that they will be successful seems certain.

Parties.

Miss Ida Darnell entertained Monday evening at her home, 1240 South Ninth street, in honor of Misses Lalah Lovett and Nell Eley, of Benton, and Miss Emma Rose, of Tardin. Games and other diversions were enjoyed during the evening and a most enjoyable time was spent by all present. Light refreshments were served.

Miss Laura Trainor entertained Monday evening with a lawn party at her home in Arcadia in honor of Miss Alice Newman, of Union City, Tenn. Games and social chats were the features of the evening. Dainty refreshments were served. Those

was solemnized at Dawson Springs Thursday morning. Both young people are well known in Paducah and will visit this city before returning to their home in Princeton.

The marriage of Miss Nell Caldwell, formerly of this city but recently of Glasgow, to Mr. Ben Rogers, also of Glasgow, was solemnized Wednesday evening. The announcement comes as a pleasant surprise to Miss Caldwell's many friends in Paducah. She is the attractive daughter of Mrs. R. G. Caldwell and until several years ago resided in Paducah. She is a sister of Messrs. James and Duke Caldwell, of this city. Mr. Rogers is a member of a prominent Glasgow family and is a popular young man. The couple left on a bridal trip after the ceremony and will visit Paducah in a few weeks.

Invitations have been received in this city announcing the marriage of

Miss Hazel Isabel Essler and Mr. Ray Hobson Bell. The ceremony will take place on the evening of September 8 in Denver. The ceremony will be a very quiet home affair with only the relatives and intimate friends present. After a bridal trip to Buffalo Fork the couple will be at home at 2426 Race street, Denver. Miss Essler is a pretty girl of the brunette type. Mr. Bell is the son of Mr. and Mrs. Jesse Bell, of the Mayfield road. He removed to Denver two years ago and is a successful young business man.

The marriage of Miss Harriette Boyd and Mr. Robert Hille was solemnized Sunday afternoon at the home of the bride in Clinton. It was a quiet home wedding with only the relatives and intimate friends present. The bride is the attractive daughter of Dr. and Mrs. L. N. Smith

Daily Thought.

The wisdom of the world has al-

ways come from the people who did

not fear being called fools.

Frost damaged crops in Wisconsin

Michigan and northern Illinois.

The Owensboro Enquirer thinks

Chicago University professors, by

doubting Dr. Cook's exploit, put it

in the same category as the Bible.

Don't complain about the aeroplane

hat. Just be thankful that the na-

tional milliners' convention adjourned

before Dr. Cook returned, else we

would have the North Pole sky-piece

Two mysterious strangers arrived

at Cadiz Monday in a hack, having

passed through Birmingham, Center

Furnace, Rock Castle and Trigg

Furnace, and were immediately sus-

spected of being railroad men. Think

of two mysterious strangers at-

tempting to ride through that section

a year ago!

The Evening Sun has received sev-

eral anonymous communications re-

cently, and, of course, can pay no at-

tention to them. If the communica-

tion is signed so the editor may know

who is responsible, the writer's name

need not appear in the published ar-

ticle; but we must know who is using

our columns and suggesting things

to us.

LABOR DAY.

"If all the world were playing holi-

days,

"To sport would be as tedious as to

work;

"But when they seldom come, they

wish'd for some."

Monday is the day dedicated to

organized labor. It is not like the

May Day of Europe, a season for the

display of the red flag of anarchy

the singing of the Marseillais and

disorderly outbursts against the govern-

ment, and share equally the re-

sponsibility imposed upon us by our

sovereign birthright. We all have

more in common than we have at

variance, and we appreciate it more

and more as our views are broadened.

But some must perform the useful

offices of producing the necessities

and comforts of life, while others en-

gage in occupations, which our com-

plex community life has made pos-

sible and necessary.

Rusk says:

"Men are enlisted for the labor

that kills—labor of war; they are

counted, trained, fed, dressed and

praised for that. Let them be en-

listed also for the labor that feeds,

lets them be counted, trained, fed,

dressed, praised for that. Teach

the plow exercise as carefully as you

do the sword exercise, and let the

officers of the troops of life be held

as much gentlemen as the officers of

troops to death, and all is done; but

neither this nor any other thing can

be accomplished, unless first of all

both servant and master are resolved

that come what will of it they will

do each other justice."

Call the directing force master, if

one must, and the operating force

servant, or call one the employer and

the other the employee, or call one

capital and one labor, as we do in

this country, and the truth remains

unchanged. Justice—right—will

prevail in the end, and one will de-

mand it and the other must grant it,

and no more must be asked by either

side.

That is the end of all dealings be-

tween man and man; but justice

comprehends charity and sympathy

a charitable construction of the acts

of others, and a sympathy with the

others' condition. These can only

come from accurate information and

an understanding of relative posi-

tions. Human strife is generally

fairly attributable to misunder-

standings.

In honor of the day The Evening

Sun will not publish a paper Monday

permitting all employees to properly

celebrate. May the day prove pleasant

and profitable in spirit, and may in-

tellectual discrimination, patriotism

and the love of mankind guide the

rank of union labor in Paducah

through the next year, that Labor

Day, 1910, may show an appreciable

advance in all things that are for

permanent good.

The fiscal court of Lyon county

which contributed \$2,000 of the

county's money to aid night riders in

settling their lawsuits must be wo-

fully ignorant and incompetent, ac-

cording to the Lyon County Times

which says:

"The county attorney is supposed

to advise the county officers, and es-

pecially the fiscal court, and he

ought to have advised them against

illegal appropriations of the people's

money."

"Illegal appropriation" is a mild

way of describing the fiscal court's

conduct.

OUR CONTEMPORARY IS STILL

FEELING THE PANIC.

While it boasts its fealty to its

party politicians, our morning con-

temporaries is not adorning its pages

these days with the jewelry of con-

sistency, as reference to its own files

will show.

On April 1, of this year, its editor-

ial page contained the following ex-

plained direction to the city adminis-

tration: "Citizens who have an ob-

jection to paved streets, should not

forget that the value of property

jumps up according as every brick

is put down in front of it. Of course

if a property owner does not care to

have his lot or his house or his real

estate advance in price, he has a

right to say so. In this case THE

ONLY THING FOR THE MUNICIPAL

GOVERNMENT TO DO IS TO

IMPROVE THE THOROUGHFARE

AND RAM AN increased value and in-

creased profit by rentals down his

throat."

Now if that doesn't mean the

News-Democrat favors spending money

for street improvements right in

the aftermath of the panic, we can-

not understand it.

On April 2, the next day, the

News-Democrat said editorially:

"The streets in the business center

of Paducah are the city's pride. Why

can't we have more of them, you

gentlemen of the board of public

works?"

There is the demand more urgent

still, and directed at the board of

public works, appointed by Mayor

Smith, in tone of complaint at its

neglect to spend more money on

street improvements.

Wednesday of last week the News-

Democrat said:

"Are you in favor of a continuation

of a city Republican rule which be-

lieves in a centralization of power at

the city hall, who have an utter dis-

regard for the rights of its citizens

so far forgetting the golden rule as

to force the putting down of pave-

ments at a time when a panic like a

panic envelopes the whole country and

by thus so doing almost if not quite

confiscating the humble homes of

those citizens who happen to be so

unfortunate as to live on the fatal

streets. And all of which was not

done for the betterment of the city

as a prime object but that honor and

glory, self assumed might follow

through the balance of their respect-

ful days those Republican office-

holders in Paducah who by the un-

wisdom of the citizenship of the city

or rather a majority thereof, were

foisted upon it to its sorrow and

never ending regret."

We realize that a public official

watched with interest by all who are

concerned in river traffic and in

the right to criticize is necessary to

the safety of our institutions; but we

submit, is it fair for a paper, which

those who have been demanding

waterways are right in their conten-

tions, and talking them down property

steamers can be operated profitably

Louisville	3.4	0.1	fall
Evansville	5.1	0.2	fall
Mt. Vernon	5.1	0.1	fall
Mt. Carmel	2.6	0.1	fall
Nashville	8.0	0.8	rise
Chattanooga	3.1	0.0	fall
Florence	1.3	0.0	fall
Johnsonville	2.5	0.3	fall
Cairo	12.9	0.5	fall
St. Louis	9.0	0.2	fall
Paducah	4.6	0.2	fall
Burnside	0.2	0.0	fall
Carthage	Missing.		

The low stage of 4.6 was reached by the river this morning at 7 o'clock marking a fall of 2.0 in the last 24 hours. The steady fall was checked by the rain yesterday, which amounted to just .30 of an inch. Weather clear and business brisk.

ARRIVALS—Dick Fowler from Cairo at 8:30 tonight; George Cowling from Metropolis at 9 a. m. and 3 p. m.; Ohio from Golconda at 10 a. m.; Bettie Owen from Brookport this morning and afternoon on time; Condon from Joppa yesterday afternoon at 5 o'clock; Chattanooga from Evansville late this afternoon or tonight; Kentucky from lower Ohio yesterday afternoon at 5 o'clock.

DEPARTURES—Dick Fowler for Cairo about 8 a. m.; George Cowling for Metropolis at 11 a. m. and 4:30 p. m.; Ohio from Golconda at 2 p. m.; Bettie Owen from Brookport and regular Illinois landings this morning and afternoon on time; Condon for Joppa today; Chattanooga for Evansville late tonight; Kentucky for Riverton, Ala., at 7 p. m.

The Dick Fowler will run her regular Sunday excursion to Cairo tomorrow, leaving at 9 a. m. and returning at night. She had a good trip to the Egyptian port this morning.

The Bettie Owen, George Cowling and Ohio will all be in the excursion business tomorrow. The Ohio takes out an excursion for white people only to Eddyville, leaving the wharfboat at 8:30 a. m. The Cowling will run an excursion from Metropolis and the Bettie Owen will go up the Tennessee river.

Capt. James Tyner, Sr., of the Tyner steamboat line, is expected here today to investigate the burning of the Gracey Childers last night.

Capt. S. King Hale, of the Kentucky, will be able to go out in command of his boat again this evening after being confined at his home suffering from a fracture of the hip bone, which occurred several weeks ago at Johnsonville, Tenn.

Frank L. Brown, wharfmaster, who has been in command of the Kentucky, was back at work around the wharfboat this morning.

Capt. Ross Raiter, who has been acting in the capacity of wharfmaster during Captain Brown's absence on the Kentucky, is at liberty.

The towboat Condon came up from Joppa light last night along with the Kentucky. She returned today.

The Kentucky will have a heavy consignment of freight tonight when she clears port for the Tennessee river, in addition to quite a number of round trip and through passengers. She returns next Thursday night.

The Clyde is due out of the Tennessee river from Waterloo, Ala., Monday night and returns Wednesday evening.

There has been no Evansville packet today so far, but the Chattanooga is due in this afternoon and leaves tonight. She will probably not arrive until late, being late leaving tonight.

The Henry Harley left Evansville today for Paducah and will arrive tomorrow morning. She replaces the Joe Fowler because of the low stage of water. She will be Monday's packet.

Several thousand feet of lumber from Paducah lumber mills were shipped on the Dick Fowler this morning and consigned for the Diamond Jo steamboat line at St. Louis. The lumber was transferred at Cairo to the Stacker Lee and is on the way to St. Louis. The Diamond Jo line has been buying lumber from Paducah for some time, most of it being taken there by the City of Sallito. A hurry order received yesterday was to ship the lumber immediately. It will be used for steamboat purposes. The City of Sallito will come out of the Tennessee river Monday night on her way to St. Louis.

The rivers and harbors committee of the Louisville Commercial club has sent out invitations to various rivermen to attend an inspection trip to Jeffersonville Saturday afternoon to inspect the steamer barge Sprague, which is the largest coal barge in the world. It is the property of the Monongahela Coal and Coke company.—Herald.

A Pittsburgh special says: "Many boatmen of the three rivers have taken advantage of the long drought to go to the Yukon expedition. It is calculated that at least 25 well-known steamboatmen from the Pittsburgh district are either on the coast now or on their way there. The consensus of opinion among Pittsburgh river men, reached some time since, was that there would not be boating water soon.

Capt. George Doubleday, of Nashville, general manager of the Ryman line of steamboats, left this morning for Nashville and will return Tuesday. The J. B. Richardson and Reuben Dunbar owned by the Ryman line, are tied up here and repairs are being made. Captain Doubleday is superintending the improvements.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herculide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c in stamps for sample. To The Herculide Co., Detroit, Mich. \$1.00 bottles guaranteed. R. W. Walker Co., Special Agents.

MISS BROWNING

ELECTED TO VACANCY IN CONSOLIDATED SCHOOL.

Close Contest for Place Between Miss Browning and Miss Harrison.

Miss Eleanor Browning has been elected a teacher in the consolidated school at Lone Oak by the school board of district No. 4. A week ago the board met but the vote was a tie between Miss Harrison and Miss Browning. Last night a full attendance of the board was secured and Miss Browning was elected as she received a majority of the votes. She will be teacher of the fourth grade and will fill the vacancy occasioned by the resignation of W. A. Middleton, the principal as some of the teachers were promoted.

SIDEWALKS

ACCEPTED BY MEMBERS OF BOARD OF PUBLIC WORKS.

Inspect Work On Eleventh Street Between Broadway and Jefferson Street.

The board of public works inspected the concrete sidewalks on North Eleventh street between Broadway and Jefferson street yesterday afternoon, and the work was accepted. The sidewalks were laid by the Caldwell Concrete company, the work was up to every specification. The new sidewalks will be a convenience to the residents of that section.

Lockwood Gets Contract.

Contractor Gus Lockwood was awarded the contract for the remodeling of the sexton's house at Oak Grove cemetery last night by the cemetery committee. The lowest bid was \$797. The house will be rebuilt practically, and when completed will be as good as new. The joint finance committee met last night and allowed the usual routine of bills, which will be before the general council next week for payment.

MEXICO HAS CLOUD BURST WITH GREAT DAMAGE

Mexico, Sept. 4.—Miles of fertile valley are under water and many small towns of Zamora district are devastated as the result of a terrific cloudburst in the La Bondada and La Beata mountains, causing an overflow of rivers and streams. The situation is more grave than at Monterey, as it is impossible to send aid. No large city is in the region. Wires are down and adobe houses were swept away. The government is preparing to send military, but it is not known how. It is believed they will have to wait until the water subsides.

Fireman Williams Resigns

After about three years of excellent service at Central fire station James Williams, one of the corps of firemen handed in his resignation this morning to Captain Slaughter. Williams is well liked and has given faithful service. He is a telephone lineman by trade and probably will return to his old work. This makes the second resignation at Central station the last week. Tom King resigned several days ago to become deputy to City Jailor James Clark.

Business Booming Everywhere.

"Business conditions all over the country are improving at a surprisingly rapid rate," said Matt J. Carney, of Chicago, western manager of the Union Carbide company, who is in the city visiting his mother. "We are over run with orders for acetylene plants and are probably as busy as we ever were. I notice a wonderful improvement in business everywhere I have been the past two months and we are planning for one of the busiest kind of winter seasons."

In County Court.

The will of Stephen Wurth was probated in county court this morning, and his wife, Barbara Wurth, qualified as executor. All his property was left to his wife, Barbara Wurth, and at her death the children of her son, J. F. Wurth, deceased, were to receive \$5 each while the remainder of the estate will be divided equally between J. E. Wurth, H. A. Wurth, W. A. Wurth, A. A. Wurth, F. M. Wurth, R. E. Wurth, C. S. Wurth, A. R. Wurth.

ED HANMAN BUYS THE OLD PROPERTY OF CITY.

Mr. Ed Hanman, president of the board of aldermen, today purchased from the city the old building occupied by the city engineer, street and sewer inspectors on Kentucky avenue for \$115 and will begin work Tuesday tearing it away. Excavations will be made following for the construction of the new station for the central fire department. The question of selling the building was before the finance committee last night and an offer of \$100 made. Later Mr. Hanman agreed to buy it for \$115. The city engineer now is occupying the office room above the Tully livery stable, while Sewer Inspector A. Frank is busy today, moving his office into the old stable building opposite the city hall on Fourth street. Street Inspector Bell will move there Tuesday.

STAR THEATER TO OPEN MONDAY WITH VAUDEVILLE.

The Star theater will be thrown open Monday, September 6, with high-class, clean and refined vaudeville acts for the season of 1909-1910 and the public is assured of seeing the very best talent in the profession. Mr. Louis Farrell, owner and manager of the Star, has demonstrated his ability to cater to the wants of the public, as the past season was the record breaker. The Star has been repainted and papered and puts on an entirely new appearance.

S.S.S. PURIFIES BAD BLOOD

Bad blood is responsible for most of our ailments, and when from any cause it becomes infected with impurities, humors or poisons, trouble in some form is sure to follow. Muddy, sallow complexions, eruptions, pimples, etc., show that the blood is infected with unhealthy humors which have changed it from a pure, fresh stream to a sour, acid fluid, which forces out its impurities through the pores and glands of the skin. A very common evidence of bad blood is sores and ulcers, which break out on the flesh, often from a very insignificant bruise, or even scratch or abrasion. If the blood was healthy the place would heal at once; but being infected with impurities which are discharged into the wound, irritation and inflammation are set up, the fibres and tissues are broken, and the sore continues until the blood is purified of the cause. S. S. S. is Nature's blood-purifier and tonic, made entirely from roots, herbs and barks. It goes down into the circulation and removes every particle of impurity, humor or poison, restores lost vitality, and steadily tones up the entire system. S. S. S. neutralizes any excess of acid in the blood, making it pure, fresh and healthy, and permanently cures Eczema, Acne, Tetter, Salt Rheum, Boils, and all other skin eruption or disease. Book on the blood and any medical advice free.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

The Evening Sun's Daily Markets.

Dun's Review.

Advices received by R. G. Dun & company show that there were during August of this year 6,783 defaults with total liabilities of \$9,620,576, as compared with 1,199 in 1908, with liabilities of \$23,782,375. Of these commercial failures, there were during August of this year 678 defaults of traders having liabilities of \$4,554,995, against 907 such failures in August, 1908, with defaults of \$5,867,597. The manufacturing defaults during August numbered 222, with liabilities of \$4,010,402 as compared with 252 manufacturing defaults in August, 1908, having liabilities of \$15,152,880. In other departments, such as brokers, transporters, insurance and the like, failures were 22, with liabilities of \$1,055,579, whereas in August, 1908, there were 39 such failures with liabilities of \$2,761,901.

The distinguishing features of the August exhibit were, first, the great falling off in the total of the commercial failures, and second, the largely increased proportion of trading defaults over the manufacturing. The total liabilities of all commercial failures during the eight months ending August 31, 1909, amounted to \$107,425,627, as compared with \$162,379,337 in 1908, this being a reduction for the eight months of about 34 per cent, which, when taken in connection with the large increase in transactions, as shown by the bank clearings, and the increase of the number of firms in business, is a most notable proof of the return to sounder and more prosperous conditions in the commercial world.

Livestock.

Louisville, Ky., Sept. 4.—Cattle—Receipts 176; for the week thus far 3,598. The demand was light and the market very quiet; no material change in conditions or values. BETTER THAN SPANKING.

Spanking does not cure children of bedwetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W. South Bend Ind., will send free to any mother her success in the treatment, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

NO MORE GRAY HAIR

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made and used a "sage tea" and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs before they are fifty, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair, and are fast following suit. The present generation has the advantage of the past in that it can get a ready to use preparation called

AWAY TO SCHOOL MANY ARE GOING

WHERE PADUCAH YOUNG PEOPLE STUDY THIS YEAR.

Colleges in All Parts of the Country Attract Aspiring Boys and Girls of the City.

MOST WILL LEAVE NEXT WEEK

Paducah will be robbed of many of her young people next week by the call of school. Already some of the young men and women of the city have departed to take up their studies after spending their vacations with their parents. The last few weeks have been rounds of informal entertainments in conclusion of the happy vacation days. The fact that Paducah is without any institution of higher learning draws a large number of students away from the city every year, and the number is increasing constantly.

Miss Saldee Smith will return to Randolph-Macon college at Lynchburg, Va., to resume her studies. It will be her second year at the college.

Miss Dorothy Langstaff will return to Kemper Hall, at Kenosha, Wis., to resume her work.

Miss Mary B. Jennings will be a student at Belmont college in Nashville and will leave soon.

Miss Katherine Donovan will complete her studies at St. Mary's-of-the-Springs, near Columbus, O., this school year.

Miss Gene Morris will return to Christian Brothers college this year.

Miss Helen Van Meter will attend Campbell-Hagerman college, in Lexington.

Miss Lucile Harth will attend Ward seminary, in Nashville.

Miss Hazel Rhodes will return to Depauw university, at Greencastle, Ind. Miss Margaret Carnegie will attend the same school.

Miss Emma Boyd will attend college in Cincinnati.

Miss Lucyette Soule has returned to the College of Music in Cincinnati, where she is studying vocal.

Miss Margaret Acker has been granted a year's leave of absence from the city schools and will attend the Western State Normal school at Bowling Green.

Mr. Will Reddick has returned to Cincinnati to resume his studies in the College of Music.

Mr. Henry Cave will leave October 1 for Johns Hopkins university to enter the medical department.

Mr. George Scott has returned to Lexington and entered the civil engineering school of the State university.

Mr. Pearson Lockwood left this week for Lebanon, Tenn., where he entered Cumberland university.

Russell, Raymond and Donald Palmer at present are on Lake Michigan in their launch, and will return to Dartmouth college. John Palmer will return to Andover academy.

Edwin Randle will enter the law school of Vanderbilt university, in Nashville. Tate Collins will enter the medical department in October.

James Wheeler will resume his studies at the University of Virginia. Charles and Will Bell will return to Terre Haute, Ind., to study at the Rose Polytechnic institute.

Frank Donovan will return to the Jefferson school of law in October.

Central university will claim a number of Paducah boys. Ed Cave will resume his studies and Reuben Bagby and James and George Shelton will enter the school.

Edwin Littfoot will enter Jasper college, at Jasper, Ind.

George Wallace, Lynn Boyd and Lucien Burnett will return to the Episcopal High school near Washington.

Cullom Tate has entered the Castle Heights school at Lebanon, Tenn.

Oswald Cheek will be a student at Bethel college, Russellville.

Miss Florence Loeb will leave about September 20 to resume her studies in Bryn Mawr college.

Miss Julia Dahney, a graduate of the 1909 class of High school, will attend the University of Chicago.

Mamie and Edwin Bauer will attend the Polytechnic school in Los Angeles.

John Ferguson will attend Andover Academy.

and was one of the most popular young ladies in Clinton. Mr. Hill recently moved to this city and is connected with the News-Democrat and is a promising young newspaper man. They will make their home at 333 North Seventh street.

The following item was clipped from the society column of the Antlers, Okla., News-Record:

"Miss Eula M. Sexton, of Paducah, Ky., who has been visiting her sister, Mrs. E. P. LeMaster, for the past three months, was married Tuesday morning to Mr. J. H. Nickles, of Paducah, Ky. Mr. Nickles arrived here from Portland, Ore., Monday and secured license from Judge Davenport and Tuesday the twin were made one by Justice W. H. Carlisle.

"I do think Peruna the best medicine I have tried at any time.

"Since I began taking Peruna we have never been without it.

"I really believe that every woman in the world ought to have Peruna on hand all the time; for if she gets tired, Peruna refreshes her; if she gets nervous, it soothes her; if dependent, it cheers and invigorates.

"It is a constant friend to the nursing mother, both for herself and for her child, and finally when old age comes on, no medicine on earth is of greater efficacy to the woman.

"Surely, Peruna is the woman's friend."—Mrs. E. C. EVERLY, 2103 Franklin St., Philadelphia, Pa.

where they will make their future home.

"Miss Sexton, during her short stay in our community, has made many friends and admirers, and the wedding was quite a surprise. The News-Record joins in congratulations."

Miss Sexton is the daughter of Mr. and Mrs. J. B. Sexton, of 927 Jay street, and is a well known and popular young lady. Mr. Nickles is a former citizen of Paducah, but recently has been residing in Portland, Oregon.

Invitations have been received in this city from Enid, Okla., announcing the marriage at that place of Miss Lead Myrtle Stizel and Mr. B. G. Thompson, to take place September 25 at the home of the bride. Mr. Thompson was formerly a resident of Paducah and was a clerk at Michael's. He moved to Enid on July and entered in the concrete business, in which he has met with great success.

On the Bettie Owen.

One of the jolliest crowds of the season enjoyed an outing on the steamer Bettie Owen Thursday afternoon. A dainty luncheon was served. Those in the party were: Grandma Roberts, Mrs. George Roberts, Mrs. J. W. Swatts, Miss Bettie Speck, Miss Clara Vockel, Miss Mabel Roberts, Miss Anna Reeb, Miss Cora Vockel, Miss Helen Hummel, Little Miss Ruth Hummel, Phillip Vockel, Esther Wanner and Ruby Wanner.

Mr. Gilbert's Closing Recital.

A representative audience of music lovers attended the closing organ recital given at the Broadway Methodist church last night by Mr. Harry Gilbert. He performed on the organ with characteristic brilliance and skill of execution, interpreting the music in masterful fashion. The vocal numbers were equally delightful.

Miss Mabel Shelton sang "My Heart and Thine" and "The Secret." Miss Howe sang Testi's "Goodbye." Mrs. Fendol Burnett and Miss Lillian Wright sang a charming duet and Mrs. Taylor Fisher sang "I Love You Truly" and "The Four Leaf Clover."

Mr. Gilbert's repertoire consisted of a great range of compositions and variety of movements.

Miscellaneous Shower.

The Cairo Bulletin says: Miss Zora Lee entertained yesterday with a miscellaneous shower complimentary to Mrs. Richard Renfro. The home was beautifully decorated in green and white. Five hundred was played at which Mrs. Renfro won the prize. Following the game delicious refreshments were served. Those present were: Miss Dreyfuss, of Paducah, Ky., Mrs. Renfro, Mrs. Terrell and Miss Rita Cohn, Myrtle Teleman, Idaho Sutherland and Sarah Elnk.

GOOD DETECTIVE WORK OF SINGERY

RESULTS IN ARREST OF MAN ON SUSPICION.

Stranger is Believed to Be Wanted at Washington on a Forgery Charge.

OFFICER IS ON HIS WAY HERE

Bits of a letter pasted together resulted in the arrest of Henry C. Davis, alias F. H. Harding, alias Chapman, alias Bannister, wanted in Washington, D. C., on the charge of forgery and alleged to be a bad check man, yesterday afternoon shortly after 4 o'clock, at Second street and Broadway by Patrolman Henry Singery. The arrest did not follow until Patrolman Singery had assumed the role of Sherlock Holmes, and gathered the bits of paper Harding had tossed away carelessly. Harding is in the county jail now, awaiting the arrival of Detective Cornwell, who left Washington last night and is expected to arrive in Paducah tomorrow morning about 4 o'clock.

Thursday Chief of Police Collins received a telegram from Chief Sylvester, of Washington, to arrest Henry C. Davis, alias F. H. Harding, on the charge of forgery, and that he could be found at the New Richmond hotel. The hotel was visited, but no guest of the description or name was registered. Yesterday morning Patrolman Singery returned to the hotel and was told that the man standing in the door was not a guest, but he had just asked for mail addressed to "Harding" and had received a letter. The tall patrolman sized up the stranger and he filled the description as being 54 years old, 6 feet 2 inches in height, besides his general features. Harding eyed the patrolman and then walked towards Second street. Patrolman Singery kept within sight, and when Maiden alley was reached the man tore up a letter and tossed the bits into the alley. Then he entered the Illinois house and remained a few minutes, later coming out and walking down to First street and disappearing.

After picking up the bits of paper Patrolman Singery pasted them together and found it was a letter from the Louisville branch of Collier's Weekly, in which Harding had applied for a position, but the letter stated that he had acted so in Washington that employment could not be given. This was sufficient evidence to warrant an arrest, and a search was made for Harding, but he could not be located. In the Illinois House, where he had been several times, he said he was a bartender.

Patrolman Singery thought Harding had left, but yesterday afternoon between 4 and 5 o'clock he was standing at the Belvedere hotel when he noticed Harding walking up on the east side of Second street. Patrolman Singery walked over and introduced himself and the man replied that his name was "Bannister" and that he was a bartender, producing a card to identify him. Then he was taken to the police station, searched and compared with the description. When confronted with the description, Harding said he was 53 years old, and the police are sure they have the right man. He denies that he is wanted in Washington. A search of his clothes failed to reveal any evidence.

Chief Collins sent a telegram to Washington last night and a reply was sent that Detective Cornwell left last night for Paducah. It is alleged that the man wanted passed a worthless check for \$50, besides being an

Anty Drudge as Peacemaker.

Mrs. Newbywed—"It's your clothes I am washing as well as mine."

Mr. Newbywed—"Well, if they can't be washed without all this steam and smell in the house, I prefer them dirty."

Anty Drudge—"Hush, you silly fiedglings. Harry, you go right down to the grocer's and get some Fels-Naptha soap. Nellie, you throw away that old-fashioned laundry soap and the wash-boiler, and wash the Fels-Naptha way. Then you won't have steam, odor or hard work."

When housecleaning comes along you'll find Fels-Naptha just as superior in cleaning and scrubbing as it is in washing clothes.

Wash your floors with Fels-Naptha; it whitens as well as cleans them. It will take dirt off varnished surfaces without dulling the varnish; brighten dingy paint and bring out the colors in oilcloth and linoleum. It will remove grease and stains from carpets, rugs and curtains as well as a professional cleaner can.

And in housecleaning with Fels-Naptha, hot water and hard scrubbing are not needed.

Fels-Naptha acts as a disinfectant, also. It is fatal to germs.

expert in bad checks. A short time ago he was released from the penitentiary at Moundsville, W. Va., after serving a long sentence.

On the Stand.

On the witness stand this morning in police court Davis said: "It is a case of mistaken identity and coincidence." He announced ready for trial, but, after a consultation, the attorneys for the commonwealth announced not ready. Judge Cross is of the opinion that Detective Cornwell, of Washington, will not reach here before Monday night. In case he does the court will hold an immediate trial as to the identification of Davis.

Having refused to return without requisition papers, Detective Cornwell left for Frankfort, Ky., and will secure the papers from Governor Wilson probably Sunday. Davis says he is not the man and that he has the witnesses to prove this statement. He is about six feet tall, strong features and red haired. He appeared well, of Washington, will not reach here before Monday night.

AN EASY AND HARMLESS WAY
AN OLD-TIME PRESCRIPTION
In a modern product. From time
immemorial sage and sulphur have
been used for the hair and scalp. Al-
most every one knows of the value of
such a combination for darkening the
hair and making it grow. In olden
times the only way to get a hair tonic
of this sort was to brew it in the
home fireplace, a method which was
troublesome and not always satisfac-
tory. Nowadays almost every up-to-
date druggist can supply his patrons
with a ready to use product, skill-
fully compounded in perfectly equip-

is Wyeth's Sage and Sulphur, which
is sold by all leading druggists for

COOK IS BORN ADVENTURER

EXPEDITIONS BEGUN DURING HIS
HONEYMOON.

Thrilling Records of Explorations
Considered of Highest Value
By Scientists.

NERVES AND MUSCLES OF IRON

New York, Sept. 4.—Frederick A.
Cook, who has just made himself fa-
mous the world over, was born in Sul-
livan county New York, in 1865. He
belongs to a family of German origin
the name Cook being a corruption of
Koch. He received a common school
education and at the age of 22 matricu-
lated in the medical college of the
University of New York, from
which in 1891 at the age of 26, he
was graduated. The following year
in Brooklyn he was married to Miss
Mary Hunt.

Shortly after his marriage Cook
joined one of Peary's expeditions as
a surgeon. This party sailed from
New York and established headquar-
ters at the head of Bowdoin Bay
where, on Sept. 12, 1893, Marie Ah-
nighito Peary was born. In March
1894, the expedition made an attempt
to cross the huge ice fields to the
north. An unprecedented equinoctial
storm and a plague among the dogs
frustrated Peary's plans, however
and on August 29 all the party ex-
cept Peary and two others returned
to the United States.

Takes Antarctic Trip.
Deeply interested in Arctic ex-
ploration, Cook returned to New York
and began to make plans for another
trip north. Within a few months he
got into communication with some
adventurous spirits who were plan-
ning a voyage to the region of the
south pole.

For a long time the scheme hung
fire, but finally the Norwegian, Buech
greinick, returned from a voyage
there and told of having seen a great
body of land, which, he believed, was
rich in minerals of many kinds.
Scientists in the International Geo-
graphical society were interested and
finally the money was raised to sup-
ply Dr. Cook and his companions
with the equipment they would need.
The purpose of the expedition, so
Dr. Cook was instructed, was not to
find the south pole, but to explore
the great polar continent that Borch-
greinick had seen. This body of
land, it was estimated, was 8,000,000
square miles in extent, which is
twice the area of Europe.

In 1897 Cook started in the Bel-
gica, a vessel of about 100 tons. A few
weeks later he entered the Antarctic
circle and for a year nothing was
heard from him. In 1899 he again
reappeared, having obtained a com-
plete series of magnet observations
within the Antarctic circle and having
made the first profile of the ocean's
bed to the south of Cape Horn.

Reports on Voyage.
Reporting on the results of his
voyage, Dr. Cook said: "From a geo-
graphical standpoint two important
facts were ascertained, one being that
Hughes Gulf, supposed to be an in-
dentation of the coast of Graham-
land, is not a gulf at all, but a strait
more than 200 miles in length and
about 30 miles broad. It has on the
one side Grahamland and on the
other the islands of an archipelago.
The second important discovery was
that of a bank over which we drifted
to and fro where soundings showed
the depth to be in places 450 meters.
"Leaving Brooklyn in September
I went aboard the Belgica at Rio
Janeiro. We left Rio in October
passed on to Montevideo and Punta
Arenas and thence westward through
the straits of Magellan and the Be-
agle canal to Ustia, where we took on
the last coal. We left civilization be-
hind us in January, 1898. South of
the Falkland islands we made sound-
ings showing a depth ranging from
3,000 to 13,251 feet. In a storm,
while three soundings were being
made, a sailor was swept overboard
and lost.

"The only living things we found
on Hughes Island were four different
species of insects. Two of them were
spiders covered with fur. Passing
out into the Pacific, we turned south
and near Alexander Island were frozen
in a floe for thirteen months. The an-
arctic night came on in May, and we
were in darkness for seventy days.
During that terrible period every
member of the party suffered from
anaemia due to the excessive humid-
ity of the night, to lack of fresh food
and to continuous storms. Finally
Dance, our magnetician, died.

Fight Way to Open Sea.
"The vessel all this time was be-
ing subjected to severe usage by the
ice floes. After drifting 2,000 miles
and realizing that desperate mea-
sures were necessary if we were to save
ourselves, we began to cut our way out.
Fortunately warmer weather was com-
ing on, but though it helped us great-
ly, the sun was not able to break up
the pack completely. At last we suc-
ceeded in fighting our way to the com-
paratively open ocean. Then a seem-
ingly insurmountable barrier made it-
self apparent before us. It was a
wall of solid ice five feet thick and
a mile wide which our boat could not
cut its way through.

"We decided to reconnoiter and
see if there was not some way of
breaking down this wall. An investi-
gation showed that we would have to
cut a canal through the ice. During
the next week every man in the ex-

pedition, from the commandant to
the cook, was at work on the saws.
As fast as we cut the blocks loose we
blew them to pieces with dynamite.
Finally we were able to force our
way into the loose floe."

During the next two years Dr.
Cook was busy preparing for publi-
cation the story of this Antarctic voy-
age and in writing articles for maga-
zines. His chief work was a volume
entitled "Through the Antarctic
Night."

Climbs Mount McKinley.
In 1903 and during the next three
years Dr. Cook led expeditions to
climb Mount McKinley. He suc-
ceeded in reaching the top of this peak
the highest on the American con-
tinent, and wrote a book interesting
to explorers and scientists for the
data which it contains.

Dr. Cook is tall and broad-should-
ered, and nature has given him
strength and endurance beyond most
men. On one occasion while climb-
ing Mount McKinley he and his com-
panion sat all night perched on a
shelf cut from solid ice on the verge
of a precipice and not daring to go to
sleep for fear of death. When at last
the top of the previously unscalped
peak was reached there was a down-
ward journey of four days equally
perilous. But the trip resulted in
the planting for the first time of the
Stars and Stripes on the highest
point on the western continent.

Mr. Cook had unusual ideas on ar-
ctic exploration, and it was his habit
to scoff at the dangers of the polar
regions. The worst peril there, he
said, was loneliness. That drove
men mad.

"All this talk about the terrible
dangers to be met before reaching
the pole," he said after his antarctic
expedition, "is sheer rot. A man, all
things taken into account, is just as
safe on the arctic ice fields as he is
in New York. There are no fever
germs there, no swamps, no sewer
gas, no decaying vegetables, no rot-
ting rags. Everything is on ice. There
is no danger in crossing the ice fields
nor from the cold, which is not as
dangerous as the cut of the salty
blasts on the Atlantic seacoast. It
is the food question that is the cul-
desac that closes the way to the
poles."

LOOKING AT TRIGG

MYSTERIOUS VISIT OF RAILROAD
MEN AT CADIZ.

Decline to Give Out Any Informa-
tion as to What They Expect
to Do.

Two men reached Cadiz Monday
night in a hack, coming from the
direction of Rock Castle, and claimed
to have come from Benton, through
by Birmingham, Center Furnace,
Rock Castle, Trigg Furnace and on
to Cadiz. Tuesday morning they
took a look around the outskirts of
our town and left here on the 10
o'clock train for Hopkinsville.

In conversation with the editor of
the Record, they asked that their
names not be mentioned, but said
that they were looking over the coun-
try from Birmingham, Ky., to Hop-
kinsville with a view of getting some
idea as to the feasibility of a railroad
through this section. They claimed
that the country from the Tennessee
river to this place was not as rough
and would not be as difficult to build
through as they had expected to find.
They claimed not to have any con-
nection with the proposed Cairo &
Cumberland Gap road.

We understand that these gentle-
men stood on the back platform of
the Cadiz train all the way from here
to Gracey Tuesday morning and
seemed very much interested in our
road.—Cadiz Record.

waters, where thousands have been
cured. The Medical Staff of the
Colonial Hotel Laboratories have ex-
tracted the minerals from the water
of Sal-Lithia Spring at West Baden,
to be taken at home which repro-
duces the West Baden and French
Lick treatment.

We want everyone who is troubled
with their stomach, liver and bowels
which means indigestion, dyspepsia,
biliousness, sour stomach, inactive

ARRAY OF SPLENDOR

A Pageant of Spectacular Glory
Show by John Robinson.

The circus parade having become
an honored institution with the pub-
lic and the event looked forward to
with keen interest, the John Robin-
son shows, which exhibit here on
Saturday, September 11, have not
abandoned a feature so essential to
complete realization of all circus
day calls for and promises. Rather,
there has been greater effort than
ever before to make the pageant of
the present season more inspiringly
beautiful and novel than those that
have gone before. With complete
reconstruction and enlargement of
the big shows the task became com-
paratively easy merely calling for a
financial outlay in proportion to that
in other departments. The 700 peo-
ple and four hundred horses were
sufficient in number, but the de-
mands of the parade designers were
for new floats, dens, cages, lairs,
tableau cars, band vehicles, chariots
and new costumes and trappings
throughout. An appropriation
amounting to a small fortune was
called for and made. Artists who
have made a specialty of festival
decoration designed the many new
wagons, directed their construction
and personally worked out the splen-
did color schemes. Expert costumes
designed and constructed the varie-
gated uniforms and regalia, using
the richest cloths and finest mate-
rials. Cloths of gold and silver and
the howdahs with which the ele-
phants are covered and bedecked
are of Oriental design and archite-
cture and rich in coloring beyond
description. The filigreed trap-
pings of the horses and their bejew-
eled bridles and headresses are
triumphs of the art of the harness-
maker and silversmith. Banners
and heraldic devices are of embroid-
ered silks and satins. The Oriental
section lends a picturesqueness be-
yond compare. Animal cages con-
taining rare and wonderful wild
beast, trained to obey the master
will of man, are disclosed to the
astonished gaze, while the marvel-
ous zoological exhibits are shown in
all their savage beauty. Such is the
veritable fairyland of pageantry
outshining the famous Arabian
nights and feasts of India, gathered
together in a parade that has never
before been equaled by a circus ag-
gregation.

The forenoon street parade is a
prompt and positive feature of the
daily life of the show.

Rheumatism Cured.

For the benefit of suffering hu-
manity, I will say that I had a severe
attack of muscular rheumatism the
latter part of January, 1908. I have
had inflammatory rheumatism al-
most all my life. I tried a number
of remedies, obtaining only tempo-
rary relief. By the use of a little
more than one bottle of Hays' Spe-
cific the disease was conquered. It
is a system cleanser, a blood puri-
fier and a pain destroyer. Sold by

Revival Begins Tomorrow Morning at Auditorium Rink For Two Weeks.

Tomorrow at 10:45 the Rev. J. E. Brown, evangelist, and C. P. Curry, soloist and choir director, will begin a two weeks' revival at the Auditorium rink. Everything is in readiness and several thousand people can be accommodated in the building. A splendid platform for the choir has been built and several hundred voices will compose the chorus. A general invitation is extended to all singers to be present and aid in the good work. Three pianos, two violins, two cornets, a drum and other attachments will be on hand.

Mrs. S. H. Winstead, Miss Mary Byrd and Miss Lucile Blackard will preside at the pianos. They will be given alternates during the meeting. The outlook for a great meeting is quite encouraging. Prof. Curry met a company of singers and musicians last evening at the Broadway Methodist church and matters were matured for aggressive work. All Christians are urged to aid the evangelists and the whole community is invited.

VAGRANCY

ATTORNEYS DISAGREE ABOUT IT AND COURT IN DOUBT.

Prisoner Has Been in Jail Long Enough to Have Worked Out a Fine.

A legal point in the case of Claude Craig, colored, charged with vagrancy has arisen as to the definition of the word "vagrant" between City Attorney A. Y. Martin and Eugene Graves, counsel for the defendant. Craig was arrested early last week on this charge and the case has been continued until next Wednesday. Attorney Graves argues that Craig is not a vagrant and cannot be convicted under the common law, which defines the word as one who has no occupation or permanent place of residence. Craig has lived in the city many years with his mother, but the evidence points that he has been out of employment over a year. He claims he is physically unable to do manual labor, and City Physician W. J. Bass was notified to examine him in this regard.

The statutory law against vagrancy provides that anyone who has no visible means of support is a vagrant and can be convicted. The argument arising between the two attorneys was heard by the court, who was somewhat dubious. Attorney Martin claims that the statutory law supplements the common law and makes it easier to convict. He claims that this is the purpose of the statute, but Attorney Graves claims that, according to the common law, Craig cannot be convicted. Craig has remained in jail long enough since his arrest to pay off a fine for a vagrancy charge.

Organized Labor Attention.

All members and their friends are cordially invited to hear the sermon on "Labor and the Master Builder" at Grace church, Ninth and Broadway, Sunday, September 5, at 10:45 a. m. Preacher the Rev. David Cady Wright.
